

UKA LICENCE STANDARDS FOR CROSS COUNTRY EVENTS 2019 – 2020

Cross Country Event Licences are issued either by your Home Country National Association or their appointed Officers, referred to here as the Licensing Authority. Contact details can be found at the end of this document.

Competition Providers must apply for a licence using the appropriate process and agree that their event will comply with the following standards. A Technical Delegate may be appointed to assess the application of Licence Standards.

Failure to comply with these standards may result in the refusal of future licence applications and the subsequent loss of UKA public liability insurance cover.

Guidance on the organisation of a Cross Country event can be found at <https://www.uka.org.uk/competitions/useful-documents/>

THE STANDARDS

Planning Consents	
1	<ul style="list-style-type: none"> a) UKA and/or IAAF Rules will be applied to the event. Rules can be downloaded from: http://www.uka.org.uk/competitions/rules/ b) A copy of the UKA Rules for Competition will be available on race day (hard copy or electronic).
2	<ul style="list-style-type: none"> a) The Land Owner, Local Authority, and other appropriate organisations, will be consulted regarding the course and safety matters. All necessary consents must be obtained. b) If requested, the Local Authority, or other relevant authority, should be provided with all relevant information relating to the event.
3	Observations made by the Local Authority, Police, emergency services or other appropriate organisation about the course or other aspects of the event will be carefully considered and, if not adopted, will be drawn to the attention of the Licensing Authority at the time of the Licence application.
4	Possible inconvenience to residents and other members of the public will be considered and minimised where reasonably practicable.
The Course	
5	<ul style="list-style-type: none"> a) The licence application must provide detail on the planned course and should include a map showing the routes to be used, the distance of each race and the timetable of races. b) The course should be designed as a multi-lap course to accommodate each age group race. c) The lap length should be such that slower competitors are not lapped more than once. d) The finish should be outside the lap to allow: <ul style="list-style-type: none"> i) Medical evacuation of a casualty if necessary ii) a second race to start before the previous race has been completed if required. e) Consideration will be given to the participation of athletes with a disability (including those with physical, sensory and intellectual impairments) and any necessary reasonable adjustments that may be made to enable them to take part.
6	<ul style="list-style-type: none"> a) The course and marshalling arrangements will be suitable for the size of the field. b) The course should normally be suitable for spiked shoes and should not include road or other hard surfaces. Events other than championships may include sections that make the course more suitable for studs. Where hard surfaces must be crossed, the areas should be covered by grass, bark, earth, mats or other suitable material.
7	<ul style="list-style-type: none"> a) The start, course and finish will be clearly marked with tape, on both sides if practicable, with all turnings clearly indicated, and be suitable for the expected competitors and conditions. b) The course must be appropriate for the type of event being staged. c) The distance from the Start to the first corner or potential hazard shall be as long as is possible, and the first corner as gradual a bend as possible d) Spectators should only be allowed to cross the course at planned cross-over points, marshalled by stewards. e) Adults (16+) will marshal all relevant intersections and changes of course.

8	<p>a) Marshals will be fully briefed before the start of the event. They should receive written instructions as to their role, position, emergency procedures and race information. Where marshals cannot read in English, appropriate adjustments must be taken to ensure the marshal(s) fully understand their role and emergency procedures.</p> <p>b) All marshals should wear distinctive tabards/bibs/tops. Marshals should be either supplied with 2-way radios or have a mobile phone with a list of numbers to contact in case of emergency.</p> <p>c) Marshals will remain on the course until released by the Clerk of the Course, Chief Marshal or Event Control.</p>
9	The course will be cleared of posts, tape, signs and other debris, etc. as soon as reasonably practical.
10	<p>a) A course map will be produced and at least one copy will be displayed at Race HQ on race day.</p> <p>b) Competition Providers must ensure that the race does not exceed its agreed capacity under which the licence has been granted.</p>
Medical Support	
11	<p>a) The First Aid and / or medical cover for the event must be suitable for the number of competitors, spectators and level of the event. Guidelines on minimum cover can be found in the UKA Athletics Cross Country Event Organisation Guide at https://www.uka.org.uk/competitions/useful-documents/</p> <p>b) Where practical the following arrangements will be applied:</p> <ol style="list-style-type: none"> i) The medical facility must be at the Finish, and open onto the inside of the fenced off-finishing area, at the far end of that area from the finish line. ii) The Finishing Area must not be enclosed within a loop of the course, such that an ambulance is unable to drive to and from the Medical HQ without crossing the course. iii) There must be a clear, unobstructed exit from the Medical HQ to the roads leading to the local A&E Dept. <p>c) A Medical Risk Assessment will be undertaken and be made available for inspection before or post-race by the licensing authority upon request. The medical assessment can be incorporated within the overall risk assessment.</p> <p><u>Note</u></p> <ol style="list-style-type: none"> i) Minimum standards contained in the Good Practice Guide for the Provision of First Aid & Medical Services at UK Athletics Licensed Road Races may also be observed and agreed in consultation with your medical provider.
